UNCLE SAM CLEANS UP BLIND TIGERS HERE

Police Judge Menefee And Deputy Marshal Get Busy and Show They Can Be Stopped

Completely refuting the claims of the advocates of the open saloon that blind tigers cannot be driven out of Stanford under no license conditions, Deputy United States Marshal, A. J. Coleman came here from Danville this morning, and arrested seven men and women, most of them negroes, charged with selling whisky in dry territory without license. Deputy Marshal Coleman made his visit to Stanford in the instance of Police Judge John Menefee, Jr., who has been doing everything in his power to break up the blind tigers, with practically no co-operation, and under many adverse circumstances. The prisoners were taken to Danville in the afternoon, where they will have hearings before Commissioner W. D. Lacywell, and he held to await the action of the Federal grand jury, a very serious condition.

Of the prisoners, two women, Mattie White and Kate Hunt, were in the local jail, serving out \$100 fines and 40 days' sentences for selling whisky here. The others were arrested by the Marshal after his arrival. One negro man, Charley Baughman, who has been called the "King" of the Stanford blind tiger operators, managed to get away before the United States officer could get to him. Baughman was serving a long term in the local jail for bootlegging and had fifteen more days to serve. Jader Dink Farmer has been using him as a trusty, doing work on the streets, etc., and not knowing the Federal officer had a warrant for Baughman, the latter allowed him to go to the postoffice to cash a money order, soon after the arrival of the officer here. Baughman failed to show up any more, and could not be found anywhere when the officers began to look for him. It is believed that he has gone to join quite a colony of exiled Stanford negroes, who have heavy fines imposed by Judge Menefee, hanging over their heads for violation of the local option statutes.

The White and Hunt women were convicted in Police Court this week by Judge Menefee, upon the testimony of Luther Haydon and John Long that they had bought the booze from them. Both men were arrested for being drunk and Judge Menefee demanded that they tell where they had secured the whisky. They, at first demurred, but Judge Menefee informed them that he had two years yet to serve in office and would keep them in jail for that length of time, if necessary, to make them tell. They then decided that it was the part of wisdom to talk and said they had bought their whisky from the two negro women.

Another of the prisoners taken to Danville was Will, alias "Booker", Murray, a well known negro. Murray was convicted of selling two drinks of whisky to Abe Clark, a tobacco grower. He was tried in the police court here Wednesday morning and fined \$100, and given 10 days in jail by a jury. Another case was pending against him when Uncle Sam stepped in to attend to him. Mayor A. B. Pappas was compelled to remit the local fines against the prisoners before they could be taken by the deputy marshal, which he did, figuring that it would be saving to the city of Stanford to have Uncle Sam paying the bond of the prisoners in jail at Danville rather than the city paying it here. The prisoners taken over were incarcerated in the Danville jail. Jader W. S. Fitzgerald, one of the best in the state, came over here with Deputy Marshal Coleman and assisted him in making the arrests.

The other prisoners taken to Danville by the officers were Lizzie Thacker, Mattie Adams, and Charley Armstrong, all colored, and Baker Walls, a well known white farmer, who is employed on the farm of Clarence E. Tate, one of the most prominent farmers of Lincoln county. The P. S. Officer secured the information against Walls off the court record here of a year or so ago in connection with a case in which it was charged he had sold whisky to a man named Bill Stratton. At the time Walls showed plainly that Stratton had given him some money to procure some whisky for him and he had gone to Bill Lee, a well known blind tiger operator here, and got the booze for Stratton. An effort was made at the time to convict

Walls in the local court for his part in the matter, but he was exonerated when the facts became known. Bill Lee was convicted of this offense. Mr. Tate and the friends of Walls are so thoroughly convinced of his innocence that Mr. Tate took Walls and one of the officers to Danville in his automobile so that he could go on Walls' bond, if need be, though he was satisfied when he left here that he would be able to explain the matter to Commissioner Lacywell and secure Walls release at once.

LITTLE DAN CUPID

Had Busy Time Here This Week—Several Popular Couples Wed

Little Dan Cupid, the God of love, had a right busy time about the first of the month, and County Clerk Geo. B. Cooper was kept busy handing out the matrimonial licenses. One of the most popular young couples to secure permission to wed were Grover Hester, and Miss Ella May Sprinkle. The groom is the 19 year old son of Henry Hester and one of the most popular young men in the county. His bride is the beautiful 17-year-old daughter of Rev. Wm. Sprinkles. After securing license here Wednesday they proceeded to the home of Mr. and Mrs. F. L. Thompson, the latter of whom is a sister of the bride, where in the presence of a few friends and loved ones, when they were made husband and wife.

Chester Wilson, aged 17 and Miss Sara Barnett, aged only 16, were married here Wednesday night by Judge Bailey in his most approved style.

Joseph May, who gave his age as 20 and Mrs. Mary Shemons, an attractive widow, secured license here and also had Judge Hance tie the marital knot.

James Garner, aged 20 and Mrs. Jane Hickman, aged 62, the latter a well esteemed widow of Rowland were granted license to wed, this being the second matrimonial venture for each.

Elmer Ehl, 21 and Miss Winnie Smith, 17, were made man and wife by Judge Bailey on January 29th.

Albert Padgett, aged 24, and Miss Cora Padgett, 22, were married in the presence of a few friends at Rev. Cannon's on the 20th.

CASWELL SAUFLEY IS PRACTICALLY EXONERATED

Local Boy Will Be Reprimanded but Not Lowered in Rank—Court Marshal's Findings.

Washington, February 1.—Ensign H. C. Saufley, U. S. N., of Kentucky, has practically been exonerated of the serious charges under which he was recently court-martialed at the Norfolk navy yard. Secretary of the Navy Meyer to-day overruled the court-martial finding which recommended a loss of three numbers and a reprimand. The loss of the numbers will not be imposed and only the reprimand, for the sake of discipline, will be given.

Every effort was made at the Navy Department to make the punishment such as it is, appear light and favorable to the young officer. The charges under which Ensign Saufley was tried were based on negligence in reporting promptly needed repairs to his command, the torpedo boat Biddle, and his subsequent protest against taking the vessel to sea when ordered to stand by the collier Steadfast on December 6, when the latter was ashore off the Virginia capes.

Mitigating circumstances were found by Secretary Meyer in reviewing the papers in the case. It was brought out in the evidence that the young officer had verbally reported the needed repairs to the captain of the Norfolk navy yard a short time before he received orders to get under way, but failed to lay sufficient stress upon the necessity for immediate attention.

Examination of the Biddle by the court showed that the vessel was leaking forward. While this was declared as insufficient to make the ship unseaworthy, it was explained at the Navy Department that the officer's youthfulness and inexperience in command of vessels evoked him in his belief that it was.

Another reason advanced by Ensign Saufley for not taking his command to sea when protesting to the yard official was that he "was not feeling well". The young officer put his disposition so mildly that it is raised the ire of his superiors. It developed during the trial that he was so ill that he had to be almost carried to the telephone and supported by others while talking.

The action of Secretary Meyer to-day met with hearty approval in naval circles. The reprimand, in view of the circumstances, will not be considered as in any way injuring Ensign Saufley's standing. The announcement of the final disposition of the case was only made after the most careful consideration of practically all the high officials and officers of the navy.

Ensign Saufley conducted his own defense before the court martial and is said to have handled his case very skillfully. It was positively stated by Secretary Meyer that no charge of cowardice, as has been reported at various times, was placed against the young man. He also declared that the worst that could be charged against Ensign Saufley was delay in officially reporting and seeing to the repairs his boat required. He was excused on this point by officers of the department because the Biddle was his first individual command, and that he had only been in charge of the vessel for about two and a half months.

Literally speaking, however, there had been disobedience of orders, and it is for this that the reprimand will be given. It was pointed out to-day that had he been an older officer, with more experience he would have not to see without questioning and taken his chance.

The result of the affair only adds to the long list of poor judgments or of something akin to that which has followed the Norfolk yard for some time past.

Ensign Saufley is on board the battleship Kansas, now in Guantanamo, Cuba, figuratively speaking, "under arrest". He has had his freedom to go and come, but has not been permitted to discharge the duties that would ordinarily fall to him until after the court-martial matter was closed.

FIVE DROWN IN PULASKI

(Somerset Leader.)

A sad accident occurred about one mile above Worley, on South Fork river, when five people were attempting to cross the river in a "John boat." When with in about thirty feet of the bank, where they were expecting to land the boat struck a swift current capsize and sank almost instantly. Mrs. Mary West, Clarence Dobbis and Miss Mary Vance were drowned. Dobbis was said to be a good swimmer, and remarked before leaving the bank that he was afraid the boat was going to sink, and that if it did he would lose his life trying to save the two women. Charles McFerran and Luther West were rescued by bystanders.

The boat was partly filled with ice, making it heavy and easy to rock. Miss Vance was standing up in the boat when the boat struck the current she losing her balance, caused the boat to dip.

Mrs. West was a widow, and leaves four children. The other two were young people.

HER HAIR GREW

That's Why a Thankful Woman Recommends Parsian Sage.

G. L. Penny will sell you a 50c bottle of PARSIAN SAGE and guarantee it to banish dandruff, stop falling hair and itching scalp, or money back. It's a delightful hair dressing that makes hair lustrous and fascinating.

"In the spring I was recovering from a severe case of erysipelas, which left me virtually bald on the front of my head and next to my ears. The hair kept coming out rapidly and nothing I used stopped my getting entirely bald, until I used two bottles of PARSIAN SAGE, this tonic made my hair start to grow in mid, in fact, grew me a good front amount of hair, and it has not fairly stopped my hair falling out."

It is with pleasure that I give a public recommendation to PARSIAN SAGE, which I know is a wonder." Mrs. Ella Gilchrist, W. Pitt St., Bedford Pa.

WEL DONE. MR. HELM

Says Louisville Times of Work of 8th District Congressman.

Under the heading "well done Mr. Helm," the Louisville Times tells how the Lincoln county congressman had had a very large part in saving the taxpayers of the country something like \$30,000,000 a year. Wonder what some of his detractors will say to these words. The Times says:

Well Done, Mr. Helm

The report made to the House of Representatives by the Secretary of War, recommending the immediate abandonment of eighteen army posts and the gradual elimination of others until the total is cut down from forty nine to eight, is the outcome of the work of which Representative Helm, of Kentucky, has been engaged for months as chairman of the Committee of Expenditures in the War Department.

The Helm Committee has held numerous and exhaustive hearings at which Gen. Wood, the chiefs of departments, such as the Quartermasters and the subsistence department and scores of other officers in a position to speak with the authority of knowledge, have appeared as witnesses. The hearings have been conducted without flourish of trumpets or the accompaniment of brass band trimmings. They have had as their object the increased efficiency of the army in time of peace more effective methods of mobilization in time of war and decreased expenditures through the migration of army, as distinguished from political tendings.

In a speech recently made by Chairman Helm the statement was made that an annual saving of from ten to thirty millions could be effected by the elimination of useless posts and the maintenance of only such posts as are necessary to provide an adequate system of defense. That the estimate is conservative is shown by the fact that, in the Secretary of War's report, that official declares that the abandonment of the eighteen posts named will decrease the cost of maintenance of \$5,500,000 a year. If the Helm plan is adopted in toto and but 8 posts are left—and that number will be adequate to guard the Atlantic and Pacific coasts, to provide an efficient system of re-enforcement from posts situated on interior lines and for the purpose of the better instruction of the National Guard, a saving of \$30,000,000 annually is by no means an extreme figure. The resultant benefit to the army's efficiency is incalculable.

At a time when there is much talk about economy and few indications of its practice by either party at Washington, Mr. Helm's plan of reversing the system commends itself to most favorable consideration.

COMPULSORY PRIMARY LAW

IS PASSED BY SOLONS.

Both Political Parties To Nominate Their Candidates in Primaries In August, Hereafter.

The House and the Senate of the Kentucky Legislature passed the compulsory direct primary law Wednesday which means that every nomination made by a political party must be made in primaries hereafter. Both the two leading parties are compelled to nominate their candidates upon the same day; the officers of election and the entire control of the election, are in the hands of the County Election Board, as the regular November elections. The state pays all the expenses, so that the poorest man may become a candidate for office without having to put up a big entrance fee.

The law provides that the primaries shall be held in August each year. This means that the primary to nominate in Lincoln county for the county officers will be held August 1913, while the primary in this congressional district will be held this coming August.

The bill passed in both Houses without a dissenting vote, as both parties were pledged to its enactment.

For Magistrate

J. T. Roberts announces his candidacy for Magistrate in the Stanford district, subject to the action of the Democratic party.

Wm. Fields announces his candidacy for Magistrate in the Stanford district, subject to the action of the Democratic party.

The visit of the United States Marshal here Wednesday proves beyond doubt that the work of blind tigers can be broken up in this city and this county. Police Judge John N. Menefee, Jr. is doing the best that he can and if every official of the city and county was a vigilant and energetic as he, there would be no necessity for the visit of a U. S. marshal. Of course, the arrest of these tiger operators and bootleggers will not end illicit whisky selling in Stanford and Lincoln county, but it will to a large extent silence the argument of those who want saloons voted back, that it is impossible to break up the traffic, and keep the town clean. Such an argument would hold equally as well against other crimes, such as murder, robbery, and the like, which are constantly being committed notwithstanding there are laws on the statute books against them but it is, of course, ridiculous to suggest for a minute that because people will commit murder and people will rob and steal, that there should be no law against such things.

Col Watterson says the issue is between him and Governor Wilson. The Democrats of Kentucky do not know Wilson very well, but they are thoroughly conversant with the brand of Watterson's democracy. Therefore, they will take, Wilson, if you please.

The passage of the direct primary law by both branches of the Legislature Wednesday was a great victory for government by the people. It means the end of boss rule and spells the downfall of such politicians as Campbell Cantrill and his ilk.

The house passed a bill this week appropriating \$75,000 for a new governors' mansion at Frankfort.

TEMPERANCE COLUMN

This space is engaged by the Temperance Committee of Lincoln County.

A Significant Report from Hustonville.

An examination of the police court records of Hustonville reveals the following facts, which are commendable to the consideration of those who doubt whether prohibition has reduced the amount of drunkenness and rowdiness.

From February 1906 to February 1907, the last year of the saloons, a total of 43 persons were arrested, 25 of them for disorder growing out of drunkenness.

From March 1, 1907 to March 1, 1908 8 persons were arrested, 4 of them for drunkenness and disorder.

In 1909, 20 persons were arrested, 11 of them being drunk and disorderly. In 1910, 12 persons were arrested, 3 of them being drunk and disorderly.

For the year 1908 there is no record of any arrests. But passing this by on the bare possibility of there being some mistake, a study of these figures reveals the fact that the total number of arrests in three years without saloons was 40, or three less than during the last year we had saloons. That is, where we had 13 arrests in one year with saloons, we have had an average of 13 1/3 arrests a year without the saloons.

Again, the number of men arrested for drunkenness and disorder during these three years without the saloons was 18 or 7 less than during one year with saloons. That is, where 25 men were arrested for rowdiness in one year with saloons there was an average of 6 men each year arrested for disorder after the saloons were voted out. In other words during these three years under prohibition the number of arrests has been reduced to less than one third, and the number of drunks to less than one fourth of what they were when we had saloons. These figures are given out by the police judge and certified to by him.

Prohibition has cut out three-fourths of the drunken fights on the streets of Hustonville. Get any fair-minded man judge as to whether the removal of saloons has helped the cause of sobriety, peace, and public morals.

Boys Wanted.

Wanted, some bright boys full of life and cheer.

To stand at any counter as drinkers of beer.

To fill up the ranks, without further delay.

Of the army of Drunkards passing away.

Sixty thousand a year will only supply.

The loss to our trade from drunkards that die.

Send those who can toil or have wealth to beetow.

For profits are small on old drinkers, you know.

Let them come from the shop, the school or from home.

We'll welcome them all, whoever may come.

Let mothers surrender their sons to our cause.

And fathers keep voting for good license laws.

For if you will vote to keep running the mill.

And must furnish the grist or the wheel will stand still.

VOTES FOR WOMEN.

Woman obtained substantial recognition and won a partial victory in her fight for equal suffrage when the lower house of Kentucky's General Assembly last week adopted the Siles Woman's Suffrage bill by a vote of 62 to 25. The measure enacted into law, will permit women to cast their ballots in school elections.

HOLOAM'S MILL

We have nice singing at Mt. Zion Saturday night conducted by R. B. Edder of the Bee Lick section. Everybody was glad to have him here.

We have had some real cold weather for the past few weeks.

Little Sylvia, the one-year-old babe of Mr. and Mrs. W. M. Thompson is on the sick list this week.

The young infant of Mr. and Mrs. W. R. Smith has been very sick but is somewhat improved.

Pretty little May Adams is very sick at this writing.

The two small children of Mrs. A. A. Wren are very sick with cold and croup at this writing.

Mr. W. M. Thompson has bought a new Edison phonograph which furnishes nice music for the friends and neighbors.

Mr. and Mrs. Richard Elder visited her father and mother, Mr. and Mrs. Bryant Brown Saturday night.

Miss Mary L. Smith was the guest of Ida Thompson Wednesday night.

The handsome young son, Roscoe, of Mrs. Blankenship, has come home from the army to visit his mother.

He has been in the army nearly six years. His loving father has passed over the river of death since Roscoe left here. It was very sad for him to return home with his father gone and not there to welcome his boy home.

Mr. and Mrs. Bryant Brown were the guests of their daughter, Ida Thompson last Wednesday.

Miss Della Poynter and little Dorothy came in last week from Yes, Virginia. Their homefolks were sure glad to greet them.

Well, we are proud to know we live in such a nice district.

Mr. Pearce, Mr. Griffin and Mr. Smith went around Monday morning and took the list of the voters. There were 48 drys and 3 wets. Don't you think everyone ought to be thankful for such a nice community? But we owe our thanks and gratitude to Bro. Livingston and Bro. Carter for their temperance meetings they had here at Mt. Zion Sunday for they sure did make a nice temperance lecture and did much good. They touched the hearts of the young men as well as the older ones. The ladies of this section only wish they could go and cast their votes, to open saloons for they would only say by their votes we will have no open saloons in our little town. But as the ladies cannot vote, let us ask all the good men to go to the polls and vote everything dry, as they will not only get heretofore but will reap a reward in heaven.

The Coughs of Children

They can't cough today, but what about tomorrow? Better be prepared for it when it comes. Ask your doctor about keeping Ayer's Cherry Pectoral in the house. Then when the hard cold or cough first appears you have a doctor's medicine at hand. This cough medicine is especially good for children. No opiates. No alcohol.

Many a child is called dull and stupid when the trouble is due to a lazy liver. You can't believe your own doctor will tell you that an occasional dose of Ayer's Cherry Pectoral, will do such children a great deal of good. Ask him.

Mrs. Joseph Harris of Danville has gone to Orlando, Fla., to spend the remainder of the winter with her daughter, Mrs. George C. Keller.

HOW OLD PEOPLE

May Prolong Their Lives

At an advanced age waste is more rapid than repair. The organs act more slowly and less effectively than in youth. The circulation is poor, the blood thin and watery, the appetite poor and digestion weak.

We want to say to every aged person in this vicinity that Vinol, our delicious cod liver and iron tonic (without oil) will prolong life. It creates an appetite, aids digestion and makes good blood. In this natural manner Vinol retards waste and replaces weakness with strength, giving new life to the worn system.

If people in this vicinity only realized how Vinol invigorates old people we would not be able to supply the demand.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you.

Rev. J. B. Jones will preach at the Baptist church Sunday morning and evening. He will preach at Fairview church Saturday afternoon.

HAD BET DOWN ON HIS HORSE.

Senator R. L. "Took" Hubble was a happy soul when he got the wire that his horse T. M. Green, had won the feature race at Charleston, S. C. Monday afternoon. Of course, Senator Hubble had a bet down on his horse and put some of his friends in the Legislature "wise" to the "good thing" and they increased the size of their bank rolls. Senator Hubble keeps a close tab on the performances of his horse, and when he is

fit, doesn't mind setting in a stock to back his judgment, and he usually "cleans up,"—Louisville Times.

The Peevish Child Needs a Laxative

It is natural for a child to laugh and play and when it looks downy or cries you may depend on it something physical is the matter. If you see no evidence of a serious ailment you will not be wrong if you quickly give it a dose of mild laxative that evening on the putting it to bed.

The remedy most generally recommended for this purpose is Dr. Caldwell's Syrup Pepsin, which mothers throughout the country have been giving their children for a quarter of a century. Today thousands of families are using it where hundreds used it then, and there must be good reason for this word of mouth recommendation.

It is admittedly the perfect laxative for children, women, old people and all others who need a gentle laxative. It is not a violent salt, cathartic, pill or doctored water. Dr. Caldwell's Syrup Pepsin will act gently, and when taken before retiring will bring complete satisfaction in the morning.

After a short use of this remedy all forms of outside aid can be dispensed with and nature will again act alone.

All classes of good American people keep it in the home for the stomach, liver and bowels, and among the thousands who have written the doctor that they will never be without it are Mrs. J. W. Luyken, Brady, Ky., and Mrs. E. L. Weeks, 1744 W. 2nd St., Cincinnati, Ky. A dose of it has saved many a person from a serious illness.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. H. Caldwell, 445 Washington St., Monticello, Ill. Your name and address on a postal card will do.

HAPPY THO' MARRIED?

There are unhappy married lives, but a large percentage of these unhappy homes are due to the illness of the wife, mother or daughter. The feelings of nervousness, the befogged mind, the ill-temper, the pale and wrinkled face, hollow and circled eyes, result most often from those disorders peculiar to women. For the woman to be happy and good-looking she must naturally have good health. Dragging-down feelings, hysteria, faintness or constantly returning pains and aches—are too great a drain upon a woman's vitality and strength. Dr. Pierce's Favorite Prescription restores weak and sick women to sound health by regulating and correcting the local disorders which are generally responsible for the above distressing symptoms.

"I suffered greatly for a number of years and for the past three years was so bad that life was a misery to me," writes Mrs. E. F. Duckover, of Ohio, Ohio, Route 4. "The doctors told me I would have to go to a hospital before I would ever be better. A year ago the winter and spring I was worse than ever before. At each period I suffered like one in torment. I am the mother of six children. I was so bad for one month that I knew something must be done, as I wrote to Dr. E. V. Pierce, telling him as nearly as I could how I suffered. He sent me a bottle of 'Favorite Prescription' and one of 'Golden Medical Discovery' and a little bottle of 'Doan's Backache Kidney Pills'. I took two bottles of 'Favorite Prescription' and have never suffered much since. I wish I could tell you how much better I feel now. I have been able to do my housework and am now able to go to school. Dr. Pierce's medicines are. There is no use wasting time and money doctoring with anything else but any one else."

The Medical Adviser by R. V. Pierce, M. D., Buffalo, N. Y., answers hosts of delicate questions about which every woman, single or married ought to know. Sent free on receipt of 11 stamps to pay for forwarding and mailing only.
